The Fund for Penn Medicine

When you join forces with Penn Medicine to improve patient lives, you create the *Power of Penn Medicine*.

You are the reason we are able to make world-class care available to all of our patients.

Generous gifts support medical breakthroughs, clinical trials, and services that might not be offered at other hospitals.

Because of you, more patients are able to get the help they need to lead healthier lives.

The Fund for Penn Medicine brings together all of the strengths of Penn Medicine, advancing each area of research and patient care more efficiently and successfully.

With your partnership, we will ensure that the most urgent needs throughout Penn Medicine can be met immediately.

That's the **power of your passion**.
